## DEEP & WRECK DIVING TRIP

**JULY 17-19, 2026**

**\$765**

**Join Choo Choo Dive Center on our summer dive trip to Pensacola, Florida!**

We are excited to take you on an epic weekend of deep and wreck diving! Enjoy 2 days of 2 tank boat diving in the Gulf. This year we are changing it up! We are planning to dive the SS United States ocean liner, soon to surpass the USS Oriskany as the world's largest artificial reef. **If the SS United States has not yet been sunken in time for our trip, we will plan to dive the Oriskany instead - which is still a bucket list dive site!** Other offshore wreck dives are scheduled but will be determined closer to the time of the trip. *Trip cost has been calculated for dives on the United States, but in the event we dive the Oriskany instead, the price will be adjusted for the final payment.*

**Get certified for Deep and/or Wreck Diving!**  
**Specialty certification dives for Boat Diving will also be offered this weekend.**

All other divers **MUST** be certified in Deep Diving OR have Advanced Open Water certification.

**NOT INCLUDED: ACCOMMODATIONS, TANK/GEAR RENTAL, GRATUITIES, FOOD/DRINKS, AND AIR FILLS. EVERYONE WILL BE RESPONSIBLE FOR THEIR OWN ACCOMMODATIONS.**

- Gear rental is available through our shop. You can opt to rent your tanks from MBT Divers, the local dive shop closest to the marina. Air tank rentals are \$10 per tank, and Nitrox rentals are \$16 at MBT.
- Nitrox is highly recommended to enhance your bottom time and get the most out of your dives. If you are not already Nitrox certified, we recommend doing so prior to the trip.
- **ALL** personally owned Nitrox tanks **MUST** be checked and stamped for O2 clean before taking them on the trip. This is required by the local dive shop in order to have your tanks filled with Nitrox.

**\$200 minimum deposit is required to secure your spot. This is non-refundable unless we are able to fill your space. For more information, call us at 423-899-1008 or email [info@choochoodive.com](mailto:info@choochoodive.com).**
